StarNet Wireless Expands Network Coverage to Indiana

Bay City, Michigan (July 25, 2007) – StarNet Wireless has completed the expansion of high speed internet services to Indianapolis, Indiana and South Bend, Indiana areas. The company has been working on this project since the beginning of the year. Order processing for Indiana will begin tomorrow and will receive the standard three day interval for completion.

“We are pleased to add the State of Indiana to our coverage map,” said Jordan R. Dice, President/CEO of StarNet Wireless. “The addition of Indiana is only the beginning of our future expansion to other states.”
